THE COUGAR

NINE TEEN EIGHTY TWO

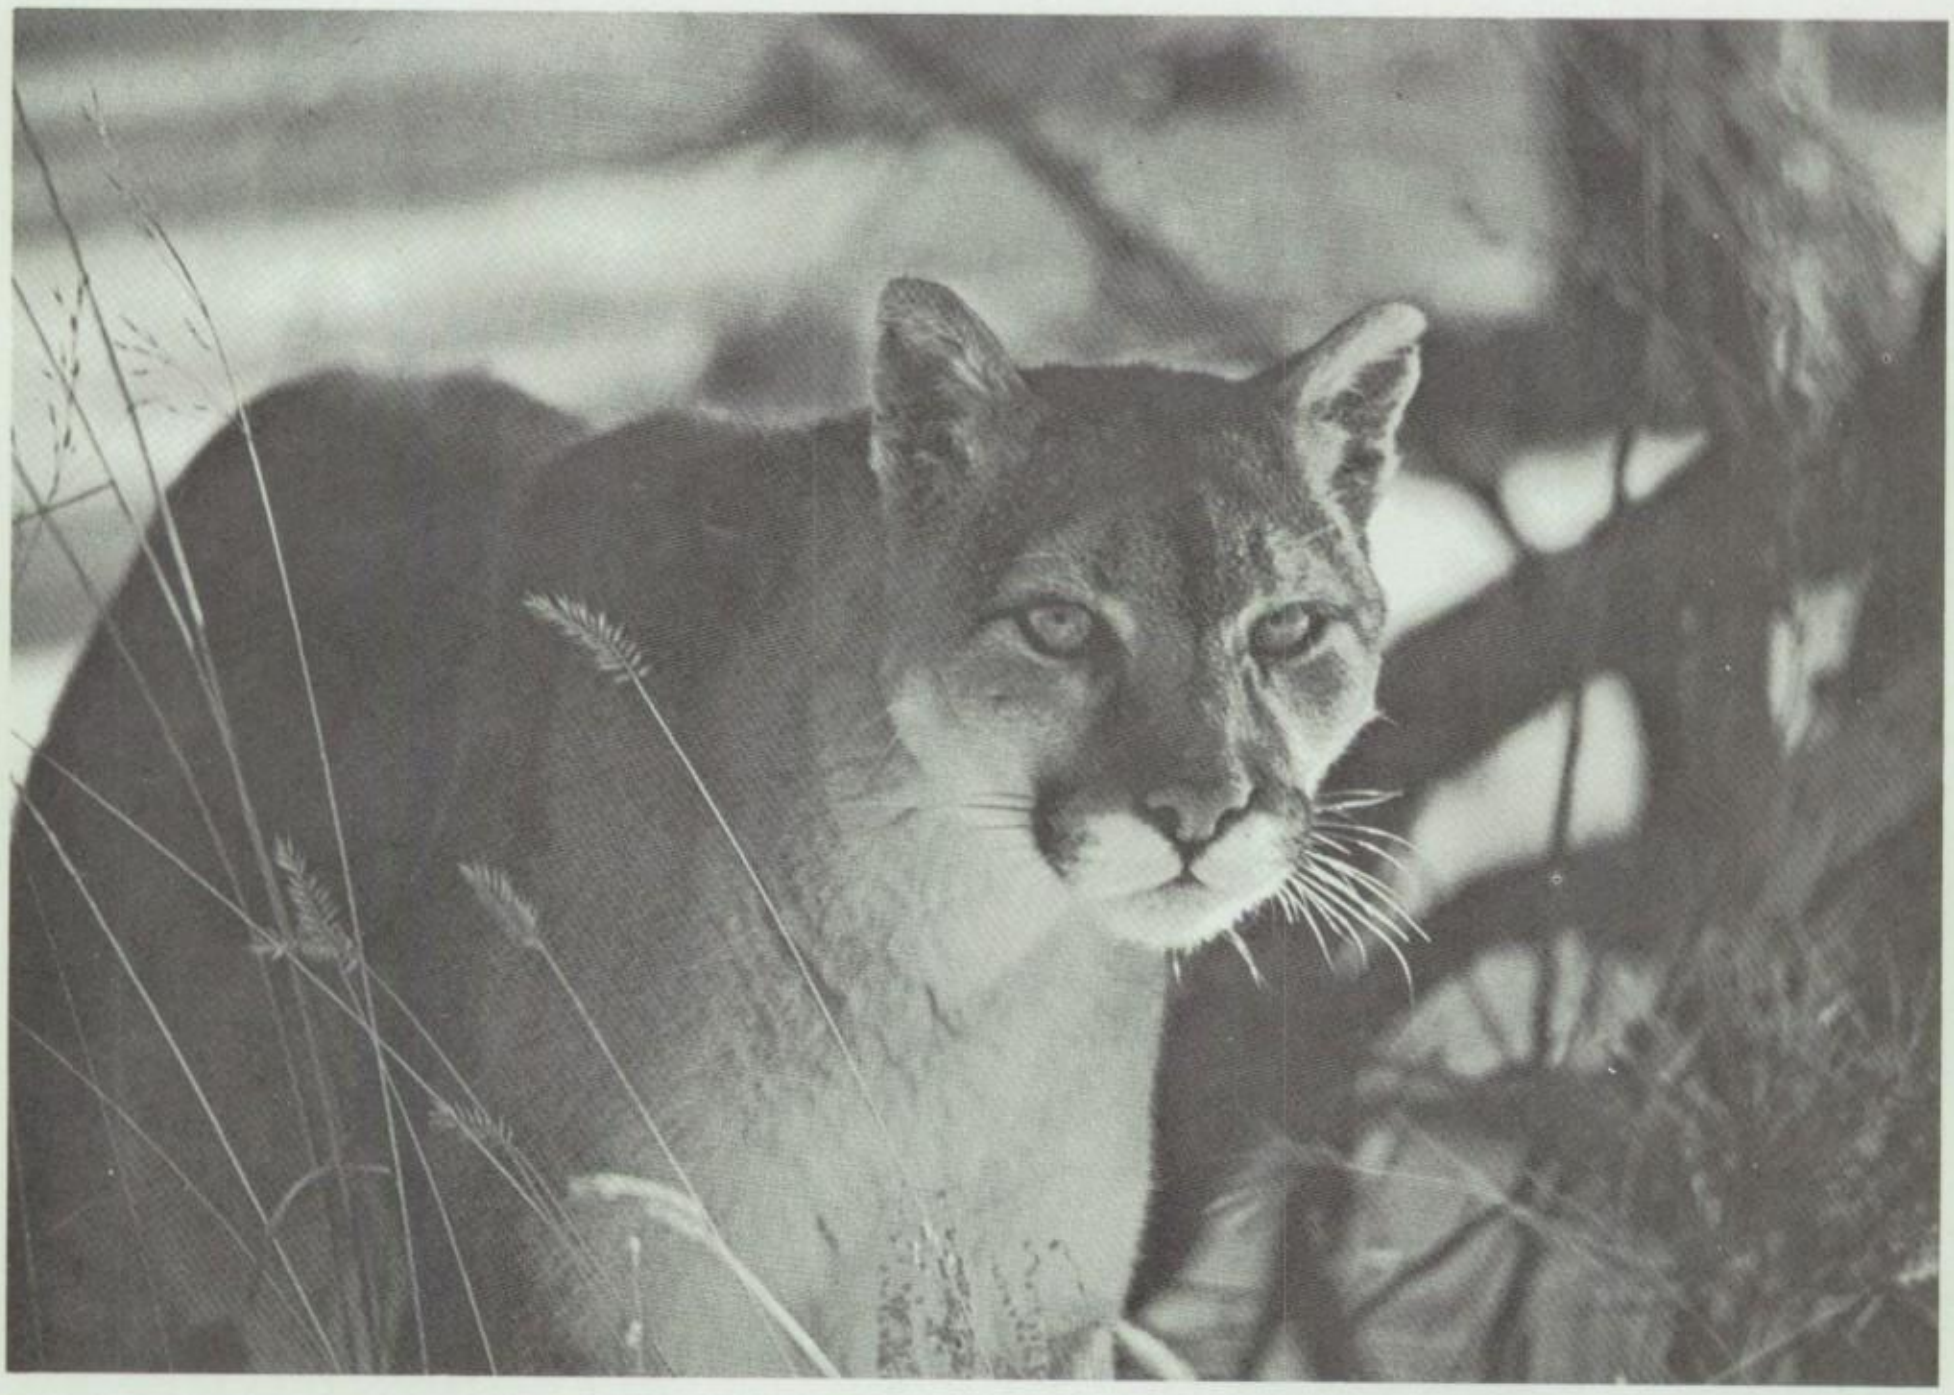
KLONDIKE HIGH SCHOOL



THE COUGAR
1981-1982

In the future, we will face many trials and problems.

But, we will learn to work together and have fun in the process.

We will work together, play together, and share many good times with one another.

We know we will remain friends, even though we are "Movin' on . . ."

MARIAN COHORN

Mrs. Marian Cohorn began teaching when most educators are midway through their careers. In 1969, Mrs. Cohorn took her initial teaching position at Klondike Elementary, and remained in that position until her death in October, 1981.

She is remembered by students, faculty, administration, and parents as a compassionate professional who inspired learning. Her students will forever remain testaments to her dedication, love and selfless concern which she displayed in the classroom. She was truly a master teacher whose loss will be felt by all. It is with deepest respect that we dedicate the 1982 Cougar to Mrs. Marian Cohorn.

Parents

Here I sit upon the sand,
Equipped with thought and pen in
hand.
Yet not the words do I command,
But they command of me.
I just sit, and as they come,
I write them down one by one.
I don't know where they come from,
Someone inside of me.
Maybe this rhythm I always hear;
I've just forgotten over so many
years.
It's really not so strange to me;
It's the voice of you, reading
poetry.
You gave to me so many things,
The hopes and dreams of what life
would bring.
Then for me you did something else:
You let me stand all by myself.
You gave me strength enough to
know
That I could stand once you let go.
You gave me courage enough to try
To learn to walk and hope to fly.
Thanks, Mom and Dad, for all you've done.
Because of you, I'm whole; I'm one.

What makes a Senior Class? Love, caring, sharing, and mostly friendship. We feel friendship is constant in all things. Even though we've all had our share of ups and downs, our friendship has always shone throught. Where would we be without friendship?

Some of our dearest friends in life have been our parents. They have helped us through our many growing pains. They have always been there to encourage and advise. We want to thank each one of our parents for guiding us to this special time in our lives. We also want to thank them for their ever enduring patience and love. They have been wonderful friends.

We have also cherished the friendship and understanding of our teachers. They have put many hours into preparing each one of us for our future. We wish to express our gratitude for the time you have spent in helping us. You have given us one of the most precious gifts a person can give to another, knowledge. Thank you for this gift, it will remain a part of us for the rest of our lives.

And now we would like to say thanks to all of our friends. Our schoolmates have played one of the most important parts in shaping our lives. Their influence and presence have helped us to grow as individuals, a class, and as a school. We feel proud to call each one of you a friend. We feel fortunate to have shared these special years with you.

At the end of this year, each one of us will part and go our separate ways, but we will always remain friends. We will always hold memories of our many good times at Klondike High.

BOOSTER CLUB

The Booster Club is a very active and productive group. It is composed of many supportive people in the community. They composed and sold the football programs, sold booster pins, hosted the achievement banquet, and supported the Cougars throughout the year. These are just a few things the Booster Club is involved in. One group we would especially like to recognize is the officers who are: Co-Presidents, Lillian Holcomb and Sharon Airhart; Secretary-Treasurer, Carol Schneider; and Reporter, Sharla Echols. Thank you for the love and support you give to each and every one of us.

HAWAII, HERE WE COME!

On Monday, May 24, 1982, the Senior class boarded a school bus and made the long haul to Dallas. That night, we had a thrilling time at Six Flags over Texas. On Tuesday morning, we boarded Braniff flight 501. Some where quite apprehensive, since this was their first flight. Just the thought of flying over the ocean frightened a few. We landed in beautiful Honolulu and were greeted by the friendly Hawaiians, who presented each of us with a lei. We hopped a little bus to our hotel, The Reef Towers on Waikiki Beach. During the days, we visited Pearl Harbor, went snorkeling, visited Waimea Falls, toured an extinct volcano, and ventured through a pineapple plantation. We also cruised in the ocean . . . with dining at restaurants such as Trader Vic's, The Willows, and Beni Hana's. We spent most afternoons lying around the pool and on the beach. We all got pretty sunburned and some of us even returned with a great tan. By the end of our eight days, we were all very tired, but not really ready to come home. We departed from the islands on Tuesday, June 2, 1982, on Braniff flight 502. We brought back around 25 cases of pineapples for all our relatives and friends. We arrived at DFW at 6:30 a.m., and after the eight hour flight, we were all ready to climb into our own beds. We got back on that old school bus and drove back to Klondike. We were greeted by our parents, brothers, sisters, and friends. We will always remember the last time we spent together in beautiful Honolulu, Hawaii.

ALOHA!
